

DIVYAJOTHI S

AI & Data Science student | Full Stack Web Developer | AI & Web Enthusiast

sdivyajothi087@gmail.com | 9946771890 | [LinkedIn: Divyajothi](#)

PROFESSIONAL SUMMARY

AI & Data Science student with 9.2 CGPA, knowledge of Full Stack Web Development, AI, Data Analytics, and Digital Marketing. Skilled in problem solving, building user-focused digital solutions, and applying technical knowledge to improve efficiency, enhance user experience, and support organizational growth.

INTERNSHIPS & WORKSHOPS

AI & Robotics Intern – I-Hub Robotics

May 2025

- Gained practical exposure to Artificial Intelligence, Robotics, and automation systems.
- Worked with robotics concepts and intelligent system applications through hands-on training.

UI/UX Design Intern – Neha Solutions

Dec 2024 – Jan 2025

- Assisted in designing user-friendly interfaces and improving user experience.
- Collaborated on wireframing, prototyping, and usability enhancement activities.

Workshop– 3D Digital Twin for Smart City & Agriculture (AICTE)

Dec 2025

- Explored Digital Twin technology and its applications in smart cities and precision agriculture.

PROJECTS

AI-Based Groundwater Level Predictor (SIH Hackathon)

- Developed a Machine Learning model to predict groundwater levels using environmental data.
- Performed data preprocessing and feature selection to improve prediction accuracy.

Event Management Website (Client Project)

- Developed a responsive website for a real-world event management client.
- Enhanced user experience through optimized navigation and interface design.

Dual Conveyor Belt System

- Developed an automated object-sorting system using sensors and motor control mechanisms.
- Applied automation and robotics concepts to improve sorting efficiency.

EDUCATION

B.Tech – Artificial Intelligence & Data Science

P.A. College of Engineering and Technology (2023–2027) – CGPA: **9.4**

Higher Secondary Certificate (HSC)

G.H.S.S Mannur, Ramanathapuram **86%** | 2023

TECHNICAL SKILLS

- **Languages:** Python, SQL, C, Java, HTML
- **Data Analytics:** Pandas, NumPy, Excel
- **Web Development:** Full Stack Development, Responsive Design, UI/UX
- **Digital Marketing:** SEO, Content Strategy, Analytics
- **Tools & Platforms:** Arduino, Raspberry Pi, ROS1, GitHub, VS Code, Google Colab

CERTIFICATIONS

- Microsoft Azure AI Fundamentals (AI-900) – Microsoft (May 2025)
- Google Crash Course on Python – Google (Aug 2025)
- Artificial Intelligence Certification – Novitech Solutions (Apr 2025)
